

PIPP PETALS OF PROCESSING

BPRO 2024 Spring Conference

Application Processing

- As a best practice, workers should always thoroughly review the PIPP application prior to processing in VaCMS.
- PIPP Assistance screen
 - When processing the case in VaCMS, on the, the Billing Information section is for the electricity provider rather than the heating vendor i.e. Washington Gas, Tiger Fuel, etc, which may be different.
 - The Electric Provider information should not be left blank or completed with made-up information like “Os” or 111111.
- For PIPP eligibility, the name on the electric bill does not have to be the Case Name.
- Because the customer’s PIPP amount is directly income-driven, be very careful when keying the income records for the household.

PIPP Assistance	
Statement that best describes your present living situation	Renter, pays heating bills
Equipment used most frequently to heat your home	Portable Heater
Fuel used most frequently to heat your home	Liquid Propane (LP)/Bottled Gas
Are you responsible for paying the bill?	Yes
Is Fuel Delivered to Your Home?	Yes
Size of Fuel Tank in Gallons	
Service Provider Details	
Name on Account	Other([REDACTED])
Change Report (T15474505)	1 of 2
Commonwealth of Virginia - Department of Social Services	

Person Responsible for the Bill	Other
Company Name	Dominion Virginia Power
Account Number on the Bill	667889999

Renewal of Coverage in Future Years	
Change In Authorization	
Number of Years	
Authorization Received Date	

Signing Your Application Details	
Consent to Exchange Information	Do not allow my User Profile to be shared.
Commonwealth of Virginia Voter Registration Agency Certification	
Authorization to Use Income Data to Renew Coverage	No
The caseworker certifies that PIPP household details, Income details, and PIPP assistance details have been reviewed with the household prior submitting this application.	Yes

Approval and Enrollment

Remember:

- The LDSS determines PIPP Eligibility
- Dominion determines PIPP Enrollment

Although the case has been processed and approved in VaCMS, the Approval Notice will not go out to the customer until PIPP has been enrolled on the account.

Please do not share with the customer that they are approved or their PIPP amount until they are enrolled to alleviate any issues.

The customer will also receive a PIPP Enrollment letter from Dominion Energy.

Questions and concerns regarding eligibility (including household composition, income, etc.) should be referred to staff in your agency first (senior worker, supervisor) and then to your PIPP consultant.

Reach out to Dominion for questions about the customer's account that cannot be found on the Dominion customer portal AWA.

EAP/PIPP Inbox

The EAP/PIPP Inbox has been updated with a PIPP Enrollment Status column.

Values in this column will display:

- **Blank** if the case is not enrolled in PIPP, or has been Denied.
- **Enrolled** if the case is currently enrolled in PIPP, and
- **Not Enrolled** if the case has been rejected or has previously been enrolled in PIPP, but has closed and the enrollment has been removed from the electric account by the electricity provider.

CH/RDE Report My Changes

CommonHelp Report My Change (RMC) enhancements include information about the PIPP case enrollment status.

Report My Change applications will be held in MWS if PIPP Enrollment has not been completed by the electricity provider.

In the MWS Change/Add a Person tab, the application will display as Waiting on PIPP Enrollment in the Processing Status column.

PIPP Changes

Case changes become effective the month following the change.

Special consideration for Client Withdrawals:

- Process the closure as a “Change” in VaCMS using EAP/PIPP Program Denial.
- Also, encourage customers to contact Dominion customer service to request PIPP enrollment be dropped from their account.

Dominion will remove the PIPP enrollment within 3 business days, and the customer will owe their current account balance plus any past due charges/arrearages.

Eligibility Segments

Effective Date of Changes

PIPP case changes are impacted by Cut-off which is scheduled for the third day before the end of the month.

Changes processed after cut-off are considered to be processed the following month and will have an effective Eligibility/Service period the first day of the second month.

Cases with a change in the PIPP Amount and Closures/Denials are sent to Dominion once a month.

Transaction Reports

Enrollment Transaction Rejects		
Reject Codes	Description	Denial - Y/N
102	Account is inactive	Y
103	Account holder flag as deceased	Y
107	Account number is not residential	Y
108	Account number is collective bill	Y
109	Account number is master meter	Y
110	Location isn't valid (Non-VA account)	Y

VaCMS will auto-process the denial, closure, or pending of cases that appear on the Transaction Report because they could not be enrolled by the vendor.

PIPP does not currently have a Reinstate function. If a case that has been denied needs to be reprocessed, the following worker actions are required:

- Add/register a new “apply” EAP/PIPP ID on the EAP/PIPP Application Details page.
 - Use the original application date.
- Process the case through the data collection module.
- Run Eligibility.
- Cert/Auth the results.
- The case will go over with the regular daily demographic file.

Transaction Reports, cont.

The cases that are placed in a pending status during the automated process will:

- Auto-generate a Verification Checklist (VCL), and
- Display on the Pending by Component Report.

An alert will be generated to the primary worker if action is required.

Although a VCL has been generated and sent to the customer, because the EAP/PIPP Application ID has flipped from approved to pending, the following actions can be taken by the worker

- Process the case through the data collection module.
- Make the necessary updates to the account information on the PIPP Assistance screen
- Run Eligibility.
- Cert/Auth the results.
- The case will go over with the regular daily demographic file.

Enrollment Transaction Rejects		
Reject Codes	Description	VCL - Y/N
101	Account number does not exist	Y
105	Account name does not match	Y
106	Account number is already enrolled	Y
117	Customer enrolled with another account	Y
